

Raine's art student's design is stunning

Year 8 students working with artists from Bow arts have worked on a project to brighten up the front entrance to the school.

The Head of art Ms Khanoum was delighted with the final piece and said students at Raine's are very talented.

This was a joint community project supported by Allen and Overy.

The art installation was opened on Tuesday 28th February by the Chair of governors Liz Wolverson, Headteacher Mr Hullett, staff, parents and pupils from year 8.
