Raine's offers something unique. **10 Good reasons to select Raine's Foundation School;**

- We are a smaller than average secondary school where pupils are taught in small class sizes. This means we can tailor the support to individual pupil needs. Raine's is truly comprehensive and fully inclusive.
- As we are small we act like a family, where we know and work well with both our students and families.
- We are a truly multi culture school and celebrate what different ethnicities and faiths bring to the school
- We have excellent facilities with a new Sixth form centred being developed
- We have scholarships available for year 7 students in Sports, Mathematics and languages.
- Raine's Foundation School is one of the oldest schools in London. We have played an important role in the east end for nearly 300 years.
- This is an exciting time to join Raine's with increasing standards and business links.

## Quotes from last Ofsted Inspection 17-18 October 2017

*Pupils' behaviour is good. They behave well and most work hard during lessons:*

*Pupils' outcomes in public examinations are improving. Current pupils are making even better progress because there is effective teaching in different subject areas.*

*There are very few instances of bullying and pupils said that teachers deal with this effectively. Pupils learn how to keep safe and lead healthy lives. Pupils enjoy school because of the support and advice that they receive from staff.*

*A range of assemblies and lessons support pupils in developing strong morals and respect of other cultures. Raine's Foundation is a church school and the spiritual aspect is visible in school. Incidents of derogatory language or racist and other inappropriate comments are rare. Pupils interact well with each other and with adults in school.*

*The behaviour of pupils is good.*

*Instances of pupils disrupting learning in the classroom are rare. Pupils' behaviour in class and around the school is orderly and respectful.*

*The rate of fixed-term exclusions has reduced over time and these are now well below national figures.*
